

Want to double your coverage but not your price?

You can with CNA's 20-year level premium* term life insurance

Taking care of your family just got a little easier thanks to CNA Life's class upgrades on term life insurance. Now you can double the amount of 20-year term life insurance coverage you purchase for just a little more. We're giving many non-tobacco users a class upgrade on applications received through June 30, 2002 – which means you can pay less – or get more.

For instance, if you're a 45-year-old male approved to buy \$250,000 worth of 20-year term life insurance at our preferred NT rate (our second best price), you can opt for \$500,000** of coverage at our preferred plus NT rate – our best price. Your annual cost is only an **additional \$230 for twice the coverage**. And your rates are guaranteed not to increase for 20 years.

This chart shows 20-year level premiums for a 45-year old male and female.

Age 45, CNA 20-year Term Life 120G, annual premium (NT means non-tobacco user)

\$250,000 death benefit without upgrade	\$500,000 death benefit with upgrade	Additional annual premium for twice the coverage
Preferred NT Male: \$490 Female: \$385	Preferred Plus NT Male: \$720 Female: \$585	Male: \$230 Female: \$200
Select NT Male: \$660 Female: \$457.50	Preferred NT Male: \$845 Female: \$690	Male: \$185 Female: \$232.50
Standard NT Male: \$882.50 Female: \$607.50	Select NT Male: \$1,275 Female: \$870	Male: \$392.50 Female: \$262.50

We're upgrading our best. If you'd like to double your coverage without doubling your cost, contact us today about preferred plus upgrade rates.

* Level premium means that your rate will not increase for the first 20 years you own the 120G policy. Premiums following the 20-year level period are adjustable and annually renewable until age 95.

** You must buy at least \$500,000 worth of coverage to be eligible for the upgrade. Subject to underwriting approval.
