

Get in the driver's seat and rev up sales

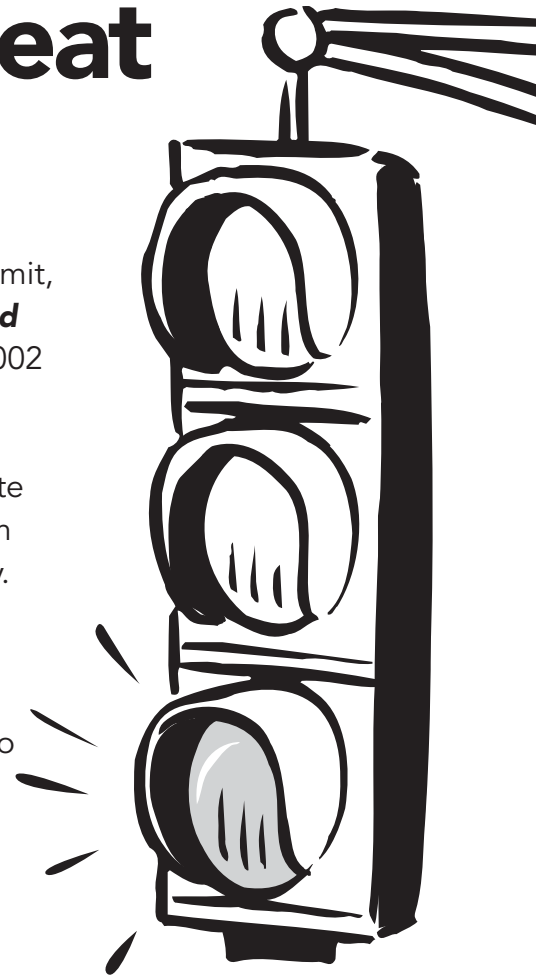

You've got the green light to drive sales to the maximum limit, because CNA's Term Upgrade Program **has been extended until June 30, 2002!** That's applications dated June 30, 2002 or before and received in Nashville by July 8, 2002.

Thanks to CNA's Term Upgrade program with automatic rate reductions, you can offer your clients world-class CNA Term Life insurance at some of the very best rates in the industry.

If your clients need protection, now is the time to buy.

With the Term Upgrade program, all classes of non-tobacco using clients will receive an automatic one class upgrade on their rates when they buy \$500,000 or more of CNA Term 115G, 120G or 30-year ViaPro® G. This upgrade includes impaired risk cases.

Over the next four months you can really drive up your commissions. For program details, see your MGA or LSO or go to the CNA agent site at **<http://agents.cnalife.com>**.

CNA and CNA Life are registered service marks, trade names and domain names and ViaPro is a registered service mark of CNA Financial Corporation. These CNA life insurance products are underwritten by Valley Forge Life Insurance Company, one of the CNA companies. These products and their features may not be available in all states.
